

To Whom It May Concern,

My name is Betty Mulholland. I live at 273B Running Brook Lane in Stratford.

I am very much opposed to the possibility of returning tolls to Connecticut's highways.

I traveled the roads when there were tolls. The hazards created by the toll stations were too great. The horrific accidents were a terrible result of the tolls. The tolls were concentrated in the areas most heavily traveled by trucks and commuter traffic.

This caused major traffic jams.

The tolls are yet another financial burden on the state residents and those traveling through our state.

Please do not consider retuning tolls to our highways as a way to add money to the state coffers.

Thank you for your attention.

Sincerely,

Betty Mulholland
